Board Member Resolutions for Initial Announcement

27. Ms. García - Supporting S. 1608, H.R. 3982: To Ensure All Students Attain A High School Diploma

Whereas, The Los Angeles Unified School District is committed to ensuring that children educated in the District have the opportunity to receive a quality education that earns them a meaningful high school diploma, and that they are college prepared and career ready;

Whereas, In the competitive environment of the 21st Century, it is essential for individuals in Los Angeles to have a high school diploma in order to obtain a living wage;

Whereas, The Governing Board of the Los Angeles Unified School District believes that it is unacceptable that only 52% of District's high school students graduated from the 12th grade in 2008-09;

Whereas, When young people drop out of high school, there is no system in place to find those students, identify why they dropped out, and connect them to the supports they need to succeed in school and work;

Whereas, High school dropouts earn less than 6% of all dollars earned in the U.S, and in the nation's 50 largest cities, they make \$10,000 less per year than high school graduates;

Whereas, S. 1608, H.R. 3982, The Reengaging Americans in Serious Education by Uniting Programs Act (RAISE-UP Act), offers a strategy to close these gaps and challenges every high school drop-out to attain a high school diploma, a post-secondary credential, and a family supporting career;

Whereas, The RAISE-UP Act would provide \$1 Billion in new federal funding to integrate existing, often disparate services, into an intentional drop-out recovery system at the local level where services that focus on education, job training, and wraparound support services would be provided; and

Whereas, The RAISE-UP Act would serve young people in disadvantaged situations that left secondary school without a high school diploma, including runaway and homeless youth, youth in foster care and those aging out of care, and young people with disabilities; now therefore be it

Resolved, That the Board of Education of the Los Angeles Unified School District supports S. 1608, H.R. 3982, RAISE-UP Act, and directs the Superintendent to transmit this Resolution to the California Congressional Delegation and the President of the United States of America.
