BOARD REPORT

Action Proposed: Staff recommends the following action:

Approve the renewal of the charter term for *Ánimo* Ralph Bunche Charter High School for five (5) years, until June 30, 2016, contingent upon the charter school's provision of proof to LAUSD that all material access compliance issues set forth in the September 27 Los Angeles Department of Building and Safety (LADBS) Order to Comply have been resolved by June 30, 2011.

Prior to the Board approval of the charter renewal, the school must have resolved any pending issues in the charter review process and submitted any requested materials including a signed Memoranda of Understanding (MOU). Should *Ánimo* Ralph Bunche Charter High School not comply with this requirement, this board item will be withdrawn from the agenda.

Background: *Ánimo* Ralph Bunche Charter High School has met criteria set forth in Education Code Sections 47605 and 47607, including:

- Confirmation that the charter school's performance has met the standard criteria under Education Code section 47607(b), also referred to as AB 1137;
- Review of the charter petition to assess the soundness of the educational program; ensure it contains the required affirmations and number of signatures; ensure it contains reasonably comprehensive descriptions of the 16 elements;
- Assessment that the petitioners are *likely* to successfully implement the program;
- Confirmation of the academic, operational, and fiscal soundness of the charter school based on the Charter Schools Division oversight.

LOS ANGELES UNIFIED SCHOOL DISTRICT Board of Education Report

A five-year renewal will allow the school the opportunity to continue to demonstrate the strong gains and strengthened commitments to high performance for all students that it is evidenced during the current term.

Ánimo Ralph Bunche Charter High School was originally approved by the Board of Education on March 8, 2006. The school's original charter was approved for five (5) years. It serves students in grades 9-12. Ánimo Ralph Bunche Charter High School is located in Board District 7, Local District 5, at 1655 E. 27th, Los Angeles, 90011. Ánimo Ralph Bunche Charter High School serves approximately 850 students.

The charter school has provided to the Innovation and Charter Schools Division certificate of occupancy for use of the facility as a charter school. Ánimo Ralph Bunche Charter High School is located within the Los Angeles Department of Building and Safety's ("LADBS") jurisdiction. The District has worked collaboratively with LADBS as the local building enforcement agency for Ánimo Ralph Bunche Charter High School's site to obtain assurances that the certificate of occupancy issued for Ánimo Ralph Bunche Charter High School meets the accessibility requirements of the law. In order to obtain this assurance, the District has coordinated with LADBS to have Ánimo Ralph Bunche Charter High School re-inspected. The re-inspection occurred on September 22, 2010 and LADBS issued the attached Order to Comply on September 27, 2010. Ánimo Ralph Bunche Charter High School is required to provide proof to the District that all material access compliance issues set forth in the attached Order to Comply have been resolved by June 30, 2011.

Board approval of Animo Ralph Bunche Charter High School's renewal petition is contingent upon provision of proof to LAUSD that all material access compliance issues set forth in the September 27, 2010 Los Angeles Department of Building and Safety (LADBS) Order to Comply have been resolved by June 30, 2011.

For detailed demographic and student achievement data, please refer to the attached information prepared by the District's Planning and Assessment Division.

Petitioners of the charter school completed questionnaires regarding conflicts of interest. A due diligence review performed by the Office of the Inspector General of the chief Green Dot executives revealed no material negative findings.

LOS ANGELES UNIFIED SCHOOL DISTRICT Board of Education Report

The renewal petition is available for perusal in the Innovation and Charter Schools Division.

Expected Outcomes: Ánimo Ralph Bunche Charter High School is expected to operate its charter school in a manner consistent with local, state, and federal ordinances, laws and regulations and the terms and conditions set forth in its petition. The benchmarks for achievement are set forth in the petition.

Board Options and Consequences: “Yes” – The contingent approval of the renewal of the charter term for five (5) years would grant Ánimo Ralph Bunche Charter High School the right to continue operation as a charter school under the terms of the renewal petition for a five (5) year period, beginning July 1, 2011.

“No” – The denial of the renewal of the charter term would cause the charter to expire on June 30, 2011, unless Ánimo Ralph Bunche Charter High School appeals the denial and the appeal is granted by the Los Angeles County Board of Education or California State Board of Education.

Policy Implications: The Policy for Charter Schools adopted in 2010.

Budget Impact: State Revenue Limit income and various other income sources to the District are reduced when current District students enroll at a charter school, and comparable or offsetting expenditure savings may not occur in such cases. Under Education Code section 47604(c), a school district that grants a charter to or operates a charter school that is formed as a non-profit public benefit corporation is not held liable for the charter school’s debts or obligations as long as the school district complies with all oversight responsibilities. The District will continue to have monitoring and supervisory responsibility for charter school finances, as specified in the Charter Schools Act. Any modifications to the charter school’s petition or operations with significant financial implications would require District approval prior to implementation. Petition approval is also contingent upon adequate liability insurance coverage.

Under the current Special Education MOU, independent charter schools receive their equitable share of the LAUSD SELPA special education revenue and contribute a percentage of this revenue to cover District special education encroachment costs. Should this school join an alternative SELPA, the district will receive neither the special education revenue from the State for this school nor receive the encroachment contribution.

LOS ANGELES UNIFIED SCHOOL DISTRICT Board of Education Report

Issues and Analysis: If all pending issues, including but not limited to, special education requirements, special education local planning area (SELPA) requirements, and facilities compliance issues, are not resolved at the time of the Board meeting, the Office of General Counsel will recommend the denial of the renewal petition.

- II. Governance and Organizational Management
- III. Fiscal Operations
- IV. Fulfillment of the Charter

I. Student Achievement and Educational Performance

First, the Innovation and Charter Schools Division has confirmed whether or not the charter school has met at least one of the following minimum criteria set forth in Education Code 47607(b) for schools in operation at least four years:

1. Attained its Academic Performance Index (API) growth target in the prior year or in two of the last three years, or in the aggregate for the prior three years; *or*

4. (A) The entity that granted the charter determines that the academic performance of the charter school is at least equal to the academic performance of the public schools that the charter school pupils would otherwise have been required to attend, as well as the academic performance of the schools in the school district in which the charter school is located, taking into account the composition of the pupil population that is served at the charter school.
(B) The determination made pursuant to this paragraph shall be based upon all of the following:
 - (i) Documented and clear and convincing data.

 - (iii) Information submitted by the charter school.

Note: If a charter school has not been in operation for at least four years, this section of Education Code serves as reference. The Innovation and Charter Schools Division will present findings based on its performance analysis of the school's data to date, and of the academic, operational, and fiscal soundness of the charter school based on the Innovation and Charter Schools Division oversight.

LOS ANGELES UNIFIED SCHOOL DISTRICT

Board of Education Report

2009-2010 Annual Yearly Progress

AYP GOALS – [Charter School Name]		
# of Criteria	# Met	% Met
18	pending	pending

Innovation and Charter Schools Division staff noted notable increases in student achievement growth as reflected by California Standards Test results. Analysis reveals that the following factors may have contributed to these changes:

- A focus group of 10 students was held and the students described teachers as dedicated and students reported that teachers make learning fun, give students one-on-one attention, and will not let students fail.
- The Resource teachers regularly collaborate with general education teachers about the individual needs of students with disabilities.

Comprehensive analysis of student achievement data suggests these positive trends:

- *Ánimo* Ralph Bunche Charter High School’s Median 2010 API Growth score (658) was higher than Median LAUSD Similar Schools from CDE (628) and higher than Median Resident Schools’ 2009 API Growth score (550) and also higher than Median Comparison Schools in Charter (547).
- *Ánimo* Ralph Bunche Charter High School’s 2009-10 CST Comparison Percentages of students scoring Proficient/Advanced in English Language Arts (22%) and Math (14%) were higher than the 2009-10 CST percentages of students scoring Proficient/Advanced for Median LAUSD Similar Schools from CDE English Language Arts (26) and Math (9%) and for Median of Resident Schools English Language Arts (15%) and Math (2%) and higher than Median of Comparison Schools and Charter English Language Arts (15%) and Math (3%).

Following are definitions of the School Performance Evaluation ratings:

An evaluation of ***accomplished*** applies to operations characterized, overall, by strengths. There are very few weaknesses and any that do exist do not diminish the students’ experience. While an evaluation of *accomplished* represents a high standard of operating, it is a standard that should be achievable in all schools. It implies that it is fully appropriate for a school to continue its operations without significant adjustment. The school would always be expected to continue to take advantage of opportunities to improve, however.

LOS ANGELES UNIFIED SCHOOL DISTRICT Board of Education Report

An evaluation of ***proficient*** applies to operations characterized by a number of strengths. There are weaknesses, but neither singly nor collectively do these have a significant adverse impact on the student experience. An evaluation of ***proficient*** may be arrived at in a number of circumstances. The school may provide a productive student experience, but it may not provide consistent challenge for students. Typically operations will be characterized by strengths, but one or more weaknesses reduce the overall quality of the student experience.

An evaluation of ***developing*** applies to operations characterized by weaknesses which require remedial action by the school. Some, if not all, staff responsible for the operation evaluated as inadequate require support from senior managers in planning and carrying out the necessary actions to effect improvement. There may be some strengths, but these are overshadowed by the impact of the weaknesses.

An evaluation of ***unsatisfactory*** applies when there are major weaknesses in operation that require immediate remedial action on the part of the school. The student experience is at risk in significant respects. In almost all cases, staff responsible for operations evaluated ***unsatisfactory*** will require support from senior managers in planning and carrying out the necessary actions to effect improvement. This may involve working alongside effective peers in or beyond the school.

Innovation and Charter Schools Division oversight deemed Student Achievement and Educational Performance at the school to be *developing*.

Areas of particular strength include:

- The school's 2010 Growth API is 658, a 30 point growth from the 2009 Base API of 628.
- According to the CDE, in 2008-2009, 17.9% of the school's English Learners were redesignated as Fluent English Proficient. This is above the district average.
- A focus group of seven parents reported a high level of satisfaction with the instructional program and believe the school is successfully preparing students for college.
- A focus group of 10 students was held and the students described teachers as dedicated and students reported that teachers make learning fun, give students one-on-one attention, and will not let students fail.
- The Resource teachers regularly collaborate with general education teachers about the individual needs of students with disabilities.
- As a result of the February 2010 District Validation Review, the school has improved its process of completing Individual Transition Plans and now utilizes a comprehensive transition planning process and curriculum to ensure students and parents are knowledgeable about students' post-high school options.

Areas recommended for improvement include:

- Ensure Reports of Progress are regularly completed at the same time and frequency as general education report cards. Accurately record three-year evaluation dates as soon as possible to rectify the fact that several are listed as non-compliant although the school indicates IEPs have been held.
- Ensure all necessary forms are completed during IEPs.

LOS ANGELES UNIFIED SCHOOL DISTRICT

Board of Education Report

- As 22 of 38 teachers are new to Bunche with a number of these teachers new to the profession, this is a critical year to ensure that teachers receive adequate support and training so that they will meet Green Dot expectations. While classrooms do evidence teachers using strategies being taught in staff development, they need to further refine their uses of these strategies.
- Continue working with the students and staff on alternatives to suspension and strive to decrease the suspension rate of students with disabilities from 11.4% to at or below the Modified Convent Decree target of <8.6%.

II. Governance and Organizational Management

Innovation and Charter Schools Division oversight deemed Governance and Organizational Management at the school to be *proficient*.

Areas of particular strength include:

- Parents expressed praise for school security and said the school keeps them well informed through calls and letters.
- Students said the principal and support staff know them by name and take time to help them.

Areas recommended for improvement include:

- Parents seemed to have little information about how Green Dot governs its schools and this represents an opportunity to increase parent participation.
- Board meetings could more closely adhere to Brown Act requirements in several ways. First, every agenda for meetings should provide an opportunity for members of the public to directly address the board on any item of interest to the public that is within the subject matter jurisdiction of the Green Dot Public Schools. Additionally, agendas should include information regarding how, to whom, and when a request for disability-related modification or accommodation, including auxiliary aids or services may be made by a person with a disability who requires a modification or accommodation in order to participate in the public meeting. Agenda items need to be listed with enough specificity that a member of the public can reasonably decide if s/he wants to monitor the meeting. While board member participation by telephone is permissible under the Brown Act, conditions this should happen under do not appear to have been honored in past meetings.
- Human resources recordkeeping appears to have substantially improved. However, Green Dot home office needs to ensure that documents such as evidence of TB clearance are available in 100% of cases.

III. Fiscal Operations

Innovation and Charter Schools Division oversight deemed Fiscal Operations at the school to be *proficient*.

LOS ANGELES UNIFIED SCHOOL DISTRICT Board of Education Report

Areas of particular strength include:

- Positive Net assets of \$1,260,000 (2008/2009 audit) and \$1,569,000 (2009/2010 unaudited actuals)
- Fiscally supportive and strong Charter Management Organization
- Positive net income projected in 2009/2010 unaudited actuals

Areas recommended for improvement include:

- Improve accuracy of the preliminary reports when compared to the audit
- Reserves of 1.1% (\$50,000), Innovation and Charter Schools Division recommends increase to 5%.

IV. Fulfillment of the Charter

Innovation and Charter Schools Division oversight deemed Fulfillment of the Charter at the school to be *proficient*.

Areas of particular strength include:

- The school has excelled on the front of creating a personalized environment. Parents voiced appreciation that the school is smaller than many other high schools and they believe that teachers take extra time to be with students and know them as individuals. Students said the school is like a big family.

DESEGREGATION IMPACT STATEMENT (DIS) ÁNIMO RALPH BUNCHE CHARTER HIGH SCHOOL BOARD OF EDUCATION REPORT 137-10/11 January 4, 2011

I. Category of Proposed Action:

The proposed action would renew the charter for Ánimo Ralph Bunche Charter High School and provide a final total of approximately 850 students in grades 9-12 during the five year term.

II. Summary Description of Current District Practice:

Charter schools are schools of choice by legislation and are open to any student in the State of California. Charter schools are granted single charter status for a maximum of five (5) years. It should be noted, however, that although State legislation allows students to attend a charter school from any area in the state, the Los Angeles Unified School District (LAUSD) is under Court Order, Crawford v. LAUSD, which applies to all schools within or chartered through the LAUSD. Any modifications to the Court-Ordered Integration Program must first be approved by Student Integration Services.

III. Proposed Change:

The approval of this charter petition would grant the charter of Ánimo Ralph Bunche Charter High School for five (5) years, beginning July 1, 2011.

IV. Effects of This Proposal:

The Los Angeles Unified School District (LAUSD) does not guarantee availability of Court-ordered Integration funding. The charter school will be responsible for maintaining the Court Order and providing information requested by the LAUSD as set forth in the Charter petition. Modifications or school decisions cannot negatively impact or cause additional costs to the Court-ordered Integration budget.

V. Analyze the Impact of This Proposal on Integration, Desegregation, Re-segregation and/or Segregation:

If the Charter goals are met, there should be positive results on the five (5) Harms of Racial Isolation which are low academic achievement, low self-esteem, lack of access to post-secondary opportunities, interracial hostility and intolerance, and overcrowded conditions. The Court-ordered Integration Program for participating students will operate under various Court Orders for schools within the Los Angeles Unified School District. Any modification of the Court-ordered Integration Program must first be approved by Student Integration Services.

VI. If proposed action affects negatively any desegregation program, list other option(s) identified:

If the District Court-ordered Integration Guidelines are followed, there will not be a negative effect on the District's Court-ordered Integration Program.

Innovation and Charter Schools Division

SUBJECT: ADDITIONAL PERFORMANCE DATA ON FOUR GREEN DOT RENEWAL SCHOOLS

On Tuesday, January 4, 2011, the board will be asked to take action on four Green Dot High Schools that are due for renewal- *Ánimo* Ralph Bunche, *Ánimo* Locke Tech, *Ánimo* Jackie Robinson, and *Ánimo* Watts. The purpose of this informative is to provide additional information about the schools. Specifically, this informative summarizes how these schools discipline and expel students, the extent to which these schools serve disabled students, and the extent to which these schools serve English Learners.

STUDENT DISCIPLINE

Discipline and expulsion policies used at District schools must comply with California Education Code. While the charter school “mega waiver” (Education Code §47610) exempts charter schools from these requirements, the discipline and expulsion practices of Green Dot schools are highly aligned with those of the district. The grounds for suspension and expulsion published in *Ánimo* schools’ parent/student handbooks are identical to those listed in Education Code §48900 et seq. Likewise, those student offenses that district principals must recommend expulsion for (Category I) are identical to those for which Green Dot principals must recommend expulsions.

A District expulsion hearing is conducted by an Expulsion Review Committees composed of staff from schools other than the one at which the student in question is enrolled. Likewise, a Green Dot expulsion hearing is conducted by the Green Dot Discipline Review Panel which is composed of Green Dot staff, teachers, and administrators that do not serve at the school at which the student in question is enrolled.

Just as parents/guardians of students facing expulsion from District schools receive written notices of their due process rights and alleged student violations, the same holds true for Green Dot parent/guardians, although the same forms may not be used. Families of students expelled by the Green Dot Discipline Review Panel can appeal the expulsion ruling to the entire Green Dot Public Schools Board.

During the 2009-2010 school year, no students were expelled from *Ánimo* Locke Tech, *Ánimo* Jackie Robinson, or *Ánimo* Watts. Three students were expelled from *Ánimo* Ralph Bunche for

the reason of disruption/willful violence. As of the date of this report, none of the four renewing Green Dot schools has expelled any student during the current school year.

SPECIAL EDUCATION

According to 2009 CBEDS data, the renewing Animo high schools enroll Special Education students at below the district average. Jackie Robinson had the highest percentage of Special Education students enrolled at 10%. Ralph Bunche and Watts both had a Special Education enrollment of 7% and Locke Tech 6%. The table below shows the current enrollment of students with IEPs at four schools. The categories of disabilities served at the school are Autism, Emotionally Disturbed, Hard of Hearing, Mentally Retarded, Other Health Impairment, Specific Learning Disability, Speech Language Impairment, and Traumatic Brain Injury.

The majority of students served at the four schools are in the mild to moderate categories of

School	AUT	ED	HOH	MR	OHI	SLD	SLI	TBI	Total
Animo Ralph Bunche	1	2	0	1	4	62	1	1	72
Animo Watts #2	2	1	0	0	4	29	1	0	37
Animo Locke Tech	0	2	0	1	0	23	0	0	26
Animo Jackie Robinson	0	0	1	0	6	47	2	0	56

Other Health Impaired, Specific Learning Disability, and Speech-Language Impairment.

Over the current terms of these charters, there have been only four cases that resulted in Informal Dispute Resolution or a Due Process Hearing, and this is within a reasonable range.

ENGLISH LEARNERS

The tables below demonstrate the numbers of English Learners served by the four renewing Green Dot High Schools and the extent to which these students are redesignated each year.

English Learner Populations at Renewing Green Dot Schools as Compared to District

School	English Learner Population		
	2007-08	2008-09	2009-10
Ralph Bunche	117 (40.3%)	159 (39%)	179 (34%)
Jackie Robinson	118 (42.3%)	139 (33.8%)	142 (26%)

LAUSD District Total	225,463 (32.5%)	237,123 (34.5%)	221,718 (33.1%)

Redesignation Rates at Renewing Green Dot Schools as Compared to District

School	Students Redesignated FEP		
	2007-08	2008-09	2009-10
Ralph Bunche	0 (0.0%)	21 (17.9%)	28 (17.6%)
Jackie Robinson	0 (0.0%)	35 (29.7%)	43 (30.9)
Locke Tech	0 (0.0%)	5 (8.5%)	12 (13.3%)
Watts	0 (0.0%)	0 (0.0%)	20 (16.0%)
LAUSD District Total	38,962 (14.6%)	35,641 (14.8%)	33,224 (15.1)

These tables demonstrate that the four, renewing Green Dot high schools enroll English Learners at rates comparable to the District as a whole. While they schools struggled at the beginning with redesignating English Learners, they now do so at rates comparable with the District with Animo Jackie Robinson redesignating students at an especially high rate.

FACILITIES

The District has worked collaboratively with the Los Angeles Department of Building and Safety (LADBS) to obtain assurances that the certificate of occupancy issued for the applicable school meets the accessibility requirements of the law. In order to obtain this assurance, the District has coordinated with LADBS to have the schools re-inspected and to ensure compliance under the terms of the Modified Consent Decree. Each school is required to provide proof to the District that all material access compliance issues set forth in the attached Order to Comply have been resolved by June 30, 2011. You will note language in board reports reflecting this requirement. This language does not apply to schools co-located on district property (i.e., Animo Jackie Robinson at Clinton MS). Finally, our facilities team is working to coordinate with other jurisdictions for schools outside of LA City (i.e., Animo Watts, which is located in an unincorporated part of the County). Applicable language will be added in those cases.

Thank you.
